

# YARRA CITY COUNCIL

## EVENTS IN PUBLIC SPACES POLICY

### 1. INTRODUCTION

The City of Yarra is home to many of Melbourne's most highly prized parks, gardens and reserves, as well as many of its busy and significant streets and transport paths. These spaces provide unique locations and opportunities for markets, events, community festivals and functions.

Some of Yarra's iconic street based events include Johnston St Fiesta and Victoria St Lunar Festival, whilst Council also actively encourages small local celebrations such as street parties. Yarra's streets are popular locations for film shoots, the Gleadell Street Market is our oldest street based regular market, and our parks used for regular events such as fun runs and summer circus seasons.

The demand for outdoor spaces to function as temporary venues for commercial and community activities is increasing; it is a trend that is mirrored across wider Melbourne. Alongside this, a growing population has led to increased pressure on parks and reserves for quiet enjoyment. At the same time, there are increased expectations from the community for events to be more professionally organised to ensure public safety and to protect local amenity.

These changes have created a need for an Events in Public Spaces Policy to be established, this will provide a clear framework under which event proposals are to be considered and how these events will be managed.

Council recognises that coordinated responses and clear guidelines are important for event organisers and getting this right will increase Council's effectiveness in managing events in public spaces.

### 2. SCOPE

The Policy applies to outdoor events and activities which are of a size and nature that may impact on residents and businesses and are to be conducted on public spaces and roadways under the care and control of Yarra City Council.

This Policy does not apply to ongoing sporting fixtures on sportsgrounds and events that occur on private property.

This Policy applies to all events whether they are organised by not for profit community organisations, commercial entities and Council.

The Policy applies to the type of events as described below:

- Festivals
- Markets

- Health, fitness and sports (but not seasonal sports booked on sports grounds)
- Arts and cultural events
- Weddings and celebrations
- Street parties
- Balloon landings
- Promotions
- Filming
- Other social events

The Policy applies for events that involve:

- 50 people or more
- Ticketing for the participants
- Amplified Music
- Infrastructure being erected on the public space
- A reservation of public spaces

### **3. WHAT IS AN EVENT?**

For the purpose of this Policy an event can be considered as any organised activity that takes place wholly or partly on Council owned or managed land (including roads, footpaths, parks, gardens, reserves and sports grounds,) that requires approval from Council and/or other government agencies.

Events range from small functions to those involving thousands of people with temporary infrastructure and complex logistical arrangements. Events can be private affairs with attendance by invitation or public occasions with attendance open or by ticketed.

The scale and nature of the event are the triggers for an Event Permit, whilst some events may require a Planning Permit. Events involving less than 50 people that are not ticketed, where amplified sound equipment are not used (e.g. family picnics and small parties) will not require a permit.

### **4. WHAT ARE PUBLIC SPACES?**

For the purpose of this Policy, public spaces refers to parks, playing fields, gardens, reserves, river and creek frontages, streets, footpaths, nature strips, public transport stops and stations which are owned or managed by Council. It does not include privately owned land or Council-owned or managed buildings used for events or gatherings.

Council has identified a list of public parks and gardens that may be potentially used for events and activities; these are itemized in the appendix.

Council recognises public spaces across Yarra have their own unique characteristics and distinct neighbourhood character, and as such events proposed for these spaces need to be individually assessed to ensure the event is the right fit for the proposed location.

## **5. COUNCIL'S ROLE IN EVENTS MANAGEMENT**

Council wishes to facilitate well-managed events that will contribute to and benefit the local community whilst ensuring local amenity and public safety are duly considered and managed

Council has three roles in the management of events in public spaces:

1. As an organiser of public events.
2. As a manager public land use.
3. As a statutory authority on a number of areas that are associated with the operation of events, such as statutory planning, building regulation, occupational health and safety, food safety, public safety etc.

In setting out this Policy, Council recognises events are important to our community; they contribute to the liveability, economy and vibrancy of the City. Council also recognises the importance of adopting a clear framework that balances the residential amenity of our neighbourhoods whilst enabling activities and events to occur.

## **6. GUIDING PRINCIPLES**

In assessing applications for events in Council managed public spaces, Council will adopt the following guiding principles:

- To ensure Council property and assets are protected.
- To strike a balance between enabling events to occur and residents' right to quiet enjoyment of public spaces.
- To make it easier for event applicants and offer a coordinated response to event proposals.
- To strike a balance between equity of access and fair dealings for all event proponents and system that responds in a timely manner to new event proposals.
- To ensure better management of events by adopting a coordinated approach between all areas of Council and external stakeholders.
- To apply a variable fee structure for event permits that considers cost recovery and community benefit.

## **7. EVENT APPLICATIONS & COUNCIL PROCESSES**

All events covered by this Policy will require an **Event in Public Spaces Permit** to operate and depending on the nature and scale of the event, other approvals, permits and licenses may be

required. Council will assist with the identification of other approvals required but it will be the responsibility of the applicant to arrange any additional permits for the event.
